SCENIC VISIONS 2025: SPOTLIGHT ON MAYPORT

Scenic Visions 2025: Spotlight on Mayport

Scenic Jacksonville is pleased to continue the popular Scenic Visions series into 2025.

This year, we are partnering with **Mayport Waterfront Partnership**, and our program will highlight the uniqueness of Mayport Village, located at the mouth of the St. Johns River. Mayport Village, with its rich 450-year maritime history, faces both challenges and opportunities as Jacksonville continues to grow. The village's authentic fishing community character, historic lighthouse, and strategic location at the mouth of the St. Johns River make it an ideal candidate for thoughtful preservation and enhancement. The program on Mayport follows the successful "Spotlight on Arlington" series held in 2024, which featured a boat tour, trolley tour, and panel discussion at Jacksonville University.

Program Elements

The program is a three-part series to shine the spotlight on historic Mayport's working waterfront, history, cultural gems, eco-tourism and opportunities for growth and revitalization.

- **Saturday, October 4th** from 9 – 11:30 a.m. "Spotlight on Mayport Village" to include a guided trolley tour of the Mayport working waterfront and village. Approximately 70 attendees.
- **Saturday, October 25th** from 9 – 11:30 a.m. "Spotlight on OCEARCH and eco-tourism" to include a presentation and tour of the OCEARCH vessel, with a round-trip Ferry ride and discussion by the Timucuan Parks Foundation and/or Timucuan Park Preserve Staff. Guests are encouraged to stay for lunch in Singleton's charming "museum" room. Approximately 70 attendees.
- **Wednesday, November 12th** from 5:30 – 7:30 p.m. "Spotlight on Mayport's Future" A facilitated Panel Discussion at Guilliford Community Center. The panel will be facilitated by Georgette Dumont, director of the Master in Public Administration program at UNF. Panelists include Bill Guilliford, Board Member of the Mayport Waterfront Partnership, Chris Fischer, Executive Director of OCEARCH, Fred Jones, Director of Planning Collaborative at Haskell, and Chris Hoffman, Mayor of Jacksonville Beach and Executive Director of the Beaches Museum. We expect 100 attendees including civic and community leaders.
